## **DETAILED ACTION**

### ***Status of the Application***

[1] A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on December 16, 2003 has been entered.

[2] Claims 4-5, 38, and 40 are pending in the application.

[3] Applicants' amendment to the claims filed December 16, 2003, is acknowledged. This listing of the claims replaces all previous listings and versions of the claims.

[4] Applicants' arguments in the amendment filed December 16, 2003 have been fully considered and are deemed to be persuasive to overcome the rejections previously applied.

### ***Oath/Declaration***

[5] The oath or declaration is defective. A new oath or declaration in compliance with 37 CFR 1.67(a) identifying this application by application number and filing date is required. See MPEP §§ 602.01 and 602.02. The oath or declaration is defective because: No date is provided under the signature of Applicant N. Lomri.

[6] Applicant is now required to submit a substitute declaration or oath to correct the deficiencies set forth above. The substitute oath or declaration must be filed within the

Art Unit: 1652

THREE MONTH shortened statutory period set for reply in the "Notice of Allowability" (PTO-37). Extensions of time may NOT be obtained under the provisions of 37 CFR 1.136. Failure to timely file the substitute declaration (or oath) will result in **ABANDONMENT** of the application. The transmittal letter accompanying the declaration (or oath) should indicate the date of the "Notice of Allowance" (PTOL-85) and the application number in the upper right hand corner.

### ***Reasons for Allowance***

[7] The following is an Examiner's statement of reasons for allowance. While DNA sequences encoding adult human liver flavin-containing monooxygenases are known in the prior art (see reference AA of the IDS filed February 27, 2001), the examiner has found no teaching or suggestion in the prior art directed to an isolated DNA having the nucleotide sequence of SEQ ID NO:5 or 7. Therefore, claims 4-5, 38, and 40, directed to an isolated DNA encoding an adult human liver flavin-containing monooxygenase, wherein the DNA has the nucleotide sequence of SEQ ID NO:5 or 7 and a host cell comprising said DNA as encompassed by the claims, are allowable over the prior art of record.

[8] Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
